

# Send North America: Los Angeles

## Children's Prayer Activity

Los Angeles is home to many television and movie studios. It is a city of tremendous world influence on adults and children alike. Children are impacted as all Disney and Radio Disney studios, Nickelodeon and Cartoon Network studios are located in Burbank (Los Angeles).

Many families move from all over the country to Los Angeles to pursue acting roles for their children. Some are Christian families, most are not.

And unfortunately, one only has to read the news to learn how fame and fortune can damage those children who do "make it to the top." Too many end up addicted to drugs or alcohol as young adults. Many become so depressed they commit suicide.

Lead the children to pray for the families who come to Los Angeles seeking fame and fortune. Ask them who their favorite child television personality or child celebrity is. (If a personality named is an animated character, there is still a person in need of prayer behind the character.)

Lead them to pray aloud the following prayer, inserting the name of their favorite child television personality or celebrity.

Dear God,

Please help \_\_\_\_\_ and his/her family come to know and love Jesus as their Savior, if they don't already. Help them find a church family if they don't have one. Help them stay strong against the devil and shine for You wherever they are. In Jesus' name, Amen.

Remind the children to pray for their celebrity regularly, understanding that though being famous seems glamorous, it is a tough and sometimes destructive place to be.
