

# Send North America: Seattle

## Video and Recall Activity: This is Seattle

Student missions is part of the North American Mission Board's farm system of discovering, developing and deploying future church planters and missionaries for the purpose of pushing back lostness in North America.

This video was posted by Fielder Church in Arlington, Texas, who sent a team of summer, student missionaries to work with Seattle church planters.

Hopefully, through this video, some of the children will be inspired to one day be a student missionary to North America. For more information on student missions opportunities, [click here](#). For more information on NAMB's farm system, [click here](#).

### Prepare

Download and prepare to show the video from [vimeo.com/109469595](https://vimeo.com/109469595). Print a copy of the word search activity on the last page for each child.

Assemble the children as a group. Introduce the video with the following information:

How many of you think that only adults can be missionaries? Well, you can be missionaries, too. This video is about a group of students who traveled from Texas all the way to Seattle, Wash., to help church planters. Their experiences with the people there changed them.

Show the children the video. Ask them the following questions to affirm their comprehension of what they have just seen:

1. Where did the students go to serve Jesus? Seattle
2. One girl said she went to Seattle to be obedient to God. Is it important that we do what God wants us to do? Yes. When God asks us to do something, He makes a way for us to do it. We call that "opening doors."
3. Did the students talk more about the city of Seattle or the people of Seattle? People. God places more importance on people than places. Wherever we are, we can love people and show them what God is like through our attitudes and actions.

Distribute the word search activity. The solution is on the next page.
