

Missionaries serving through MSC funding have the option of obtaining a personal/family medical insurance plan through GuideStone Financial Resources of the Southern Baptist Convention. This coverage is funded by each missionary. Information on policies available to MSC-funded missionaries is available at [guidestone.org/inseligibility](https://www.guidestone.org/inseligibility) or by calling **1-888-98GUIDE (1-888-984-8433)**.

NOTE: The open enrollment period for insurance is only available for 60 days after placement date. After that, this insurance will not be an available option and coverage will need to be sought through the insurance exchanges or other avenues.
