

Orphans and Widows Sunday

November 12, 2023

James 1:27 teaches us that “Pure and undefiled religion before God the Father is this: to look after orphans and widows in their distress.”

Today, there are **5 million** children living in orphanages, with **100 million** more struggling to survive on the streets.

Up to **80%** of children living in orphanages have a living parent, and almost all have extended family members.

At Send Relief, we believe that children belong in families, and we can help you live out the call of James 1:27.

While foster care, domestic and international adoption are options for some children living in orphanages, most children can and should be reunited with their biological families. Send Relief works around the world to help restore families and prevent families from separation by strengthening families and communities.

While some are called to adopt, every Christ follower is called to pray.

This Orphans and Widows Sunday, join Send Relief in praying for the abandoned, the forgotten, the vulnerable, the orphan.
